EASYRAIL ACOUSTIC BAFFLES TAPERED

This distinguished addition to our acoustic solutions range, EasyRail Acoustic Baffles Tapered combine optimal sound absorption with durability. This acoustic system features flexible installation options, ensuring stability and adaptability for both wall and ceiling applications in diverse environments.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
